Online Personal Shopping – Full Wardrobe (up to 4 hours)

The way to get great style is to feel good in what you wear

If you simply don’t want to shop, don’t have the time or just need the help, then Online Personal Shopping will be perfect for you.

Not everyone has the luxury or patience to invest hours into browsing sites to find the perfect pieces and shopping can be overwhelming. Instead I can find you the perfect pieces, introduce you to new brands and find the best items within your budget.

How does it work?

An Online Personal Shop is a simple online shopping service which can help you find all you need without having to leave your home. This could be for a special event, a full wardrobe update, capsule range of essential wardrobe items or the new season must have pieces. We would begin with a 30 minute zoom call to discuss what you are looking for, your style, budget and your shape. I will then find exactly what you need and send them to you via links in an email, I will also provide notes on what can be worn together and tips on how to style.

Once I have sent you the links, you can then buy exactly what you like, do your trying on from the comfort of your own home. We can then either schedule another 30 minute Zoom for me to see the pieces on you or you can simply send me pictures of you in the items and I can let you know whether it works. You hold on to what you love and look amazing in and return any items you don't want. It's such a straight forward process.

Once you have placed the order I will get in touch via email to schedule a date.

If you are unsure which type of Personal Shop you need, please drop me an email at me@sarahjthomas.com

Wardrobe Consultation – Large Wardrobe or Full Dressing Room (duration 6 hours)

Have a wardrobe you love to wear

For when your wardrobe needs a new vision; I will visit your home and help you hone and refine what is in your wardrobe (clothing, shoes and accessories). We will go through your body shape, personality, existing shopping habits, expectations, budget and lifestyle, so we can determine

exactly what you are looking to achieve. We will organise and edit what you have, then create a shopping list of the items that are missing.

You can then either shop for these items alone or add the Online Personal shop to do directly afterwards.

I can help you to establish the image that you want to present and make. I can also help you to add a fresh flair to your wardrobe, and add items that help you look good, but most importantly feel amazing.

If you are not sure which wardrobe category you would require please send a message to me@sarahjthomas.com

Once you have placed the order I will get in touch via email to schedule a date.
