

Sunglasses – The Edit

**“Sunglasses are like
eyeshadow; they make
everything look young and
pretty” Karl Lagerfeld**

Here are my top picks for sunglasses, I have never followed a trend for my sunglasses, I buy them only when I see a pair I love, and I wear them year after year, so I have quite a few pairs that I have collected over the years. The edit is made up of high street, treat and luxury.

*All prices correct at time of producing, always worth clicking through on the things you like in case they have been reduced!
